

Pacific Gem

**Use in brewing:**

A high alpha hop with a pleasant aroma and useful bitterness level of 13% alpha. Pacific Gem™ is very fruity with distinct berryfruit aroma that is prized by many brewers.

Substitutions:

Columbus, Fuggles

Origin/History:

Developed in New Zealand at the DSIR Research Station, and was released in 1987. It has a Triploid alpha type, being the child of Smoothcone, Californian Cluster and Fuggles.

Agronomics:

Matures early to mid season.

Organic Status:

Grown by one grower who converted to organic production circa 1990. His production is now well established and consistent.

Storage:

Very Good.

Blackberry, Oak, Pine

New Zealand
